

A.B.C.'s

Fortified™

Fortified with Vitamins and Minerals for the average horse.

A.B.C.'s Fortified™ is a combination of
A.B.C.'s Plus®, Rush Creek 1:1 Mineral, A-Mix, and BVC Mix.

Fortified with Vitamins and Minerals for the average horse.

Who should buy A.B.C.'s Fortified™?

- Those who can not offer Free Choice Minerals.
- Those who are traveling and can not take their Free Choice System.

A.B.C.'s Fortified™ is **A.B.C.'s Plus®** enhanced with vitamins and minerals.

A.B.C.'s Fortified™ is an excellent choice for those who are unable to offer ABC's Free Choice vitamin and mineral supplements due to barn and pasture arrangements or travel.

A.B.C.'s Fortified™ has been designed to fulfill the requirements of our Free Choice systems, plus the added digestive benefits of **A.B.C.'s Plus®** by feeding 4 ounces (2 scoops) per day.

Feedback for A.B.C.'s Fortified™

“Dear Jim and Gwen,

I have to share with you just how delighted I am with the **ABC's Fortified!** As you know, Sue is retired which meant I needed to find another horse for endurance. I've been riding Shelly for several years and though she is not a Rushcreek Dee, she is a very nice mare. Shelly has always been a little on the pokey side which is okay but there again not like Sue! This spring I decided to offer the mares the Fortified and the first thing I noticed was they shed their coats faster and had a nice shine. Next I noticed that Shelly seemed to feel better when I rode her alone in the desert, more willing to move and not so pokey. On Monday, April 23rd, I took Shelly to a 50-mile endurance ride in the Prescott area. My husband and I were absolutely amazed with Shelly's performance! She has never moved faster, nor had such energy. She wanted to GO the entire day in spite of the 90 degree temps and the mountainous terrain. My arms are sore from trying to maintain control! I never had to wait for her pulse to drop, immediately vetted through, and at the end of a tough day, she crossed the finish line with a pulse of 56 and a 6th place finish!

I believe the **ABC's Fortified** is giving Shelly the vitamins and minerals that her system appeared to be lacking and is making a huge difference in her attitude and performance.”

Sincerely,

Patty Danley and MMF Shelob (Shelly)

“I feed the **ABC's Fortified** and I have peace of mind due to this product...
I do hope you continue to do what you do for horses!!

THANK YOU!!!”

-Allison C.
