

Nature to the Rescue!

The concentrated benefits of Aloe Vera, Garlic, and Kelp are carried in an alfalfa-based pellet. The pellets are made using a cold-pelleting process, so enzymes are preserved.

How Can Aloe Vera Plus Garlic & Kelp Help Your Animals?

Aloe Vera's effect on the animal's immune system starts with the digestive system. If the digestive system is not working properly, then the body's immune system becomes overwhelmed due to waste build up, allowing bacteria and viruses to become more prevalent, causing inflammation to set in, joints to become affected, and the circulatory system to be compromised.

Feeding **Aloe Vera** may help prevent some of the problems associated with these kinds of issues; in turn, **helping the body heal itself**.

Garlic is traditionally used for worms and other parasites and has the ability to deter biting flies. Rich in sulfur, once ingested, **garlic will cleanse the blood** and then be excreted through the pores of the skin where sulfur compounds are mildly noxious to parasites. **Garlic** is also ideal for respiratory disorders due to its expectorant qualities and is one of the best herbs to prevent and fight infections.

Kelp is a source of trace minerals.

Benefits of Aloe Vera:

- Helps treat ulcer disease, **normalizing acid levels in the stomach**.¹
- Forms a lining throughout the colon² to aid against toxic waste in the body.
- **Strengthens the immune system** - Forms a barrier against microbial invasion (viruses).^{1,3}
- Facilitates the absorption of water⁴ and nutrients⁵ in the digestive system.
- Provides the raw material critical for **lubrication of the joints**.⁶
- Has **natural healing**^{1,3} and **detoxifying powers**,³ and helps break down food.¹
- Helps sore and stressed muscles recover faster.³

Benefits of Garlic:

- **Insect repelling qualities**.^{7,8}
- "Natural MSM" - contains sulfur compounds.⁹
- Natural antioxidant.⁸
- **Antibacterial**, helps fight infection.⁸
- Antiviral,⁸ antifungal⁸ and anti-parasitic.^{7,8,10}
- **Helps build a healthy immune system**.⁸
- Inhibits the growth of cancer cells.⁹
- Aids in **circulation**.⁸
- Helps to relieve inflammation of intestines.¹⁰

INGREDIENTS: Organic Dehydrated Alfalfa Meal, Dried Lactobacillus Acidophilus Fermentation Product, Reed-Sedge Peat, Organic Dried Kelp, Organic Soybean Oil, Attapulgitic Clay, Organic Garlic, Organic Aloe Vera Gel Concentrate, Organic Oat Groats, Ascorbic Acid, Diatomaceous Earth, Organic Apple Cider Vinegar, Organic Linseed Meal, Dicalcium Phosphate, Calcium Carbonate, Monosodium Phosphate, Bentonite, Sodium Aluminosilicate, Salt, Choline Chloride, Magnesium Oxide, Vitamin E Supplement, Yeast Culture, Ferrous Sulfate, Zinc Sulfate, Sodium Sulfate, Organic Lecithin, Potassium Chloride, Manganous Oxide, Zinc Hydroxychloride, Manganese Hydroxychloride, Manganese Sulfate, Basic Copper Chloride, Organic Fenugreek, Niacin, Sulfur, Citric Acid, Folic Acid, Potassium Sulfate, Magnesium Sulfate, Riboflavin, Vitamin A Acetate, Copper Sulfate, Organic Feed Grade Dried Milk, Calcium Pantothenate, Organic Egg Product, Pyridoxine Hydrochloride, Organic Cloves, Organic Barley, Vitamin D3 Supplement, Cobalt Sulfate, Beta-Carotene, Calcium Hydroxide, Vitamin B12 Supplement, Biotin, Thiamine Mononitrate, Organic Dandelion, Ethylenediamine Dihydriodide, Organic Parsley, Magnesium Chloride, Organic Althea Root, Organic Dried Tomato Pomace, Organic Yucca Schidigera Extract, Organic Horseradish, Organic Licorice, Organic Sweet Orange Peel, Organic Peppermint, Organic Calendula, Organic Ginger, Organic Coconut Oil, Organic Sage, Organic Common Fennel, Organic Thyme, Organic Lemon Grass, Organic Elder Flowers, Cobalt Carbonate, Organic Papain, Organic Basil, Organic Violet Leaves, Organic Coconut Flour, Organic Juniper Berries.

DIRECTIONS: (4 oz. Scoop Included)

Top dress or add to feed / TMR as a supportive dietary supplement during times of **increased nutritional need.**

Dairy Cattle

Freshening: For 3 to 5 days pre-freshening, 14 days post-freshening, feed 4 to 16 ounces per head per day as needed.

Dry Cows: 4 ounces per head per day as long as needed.

Transitioning: 4 to 16 ounces per head per day as needed.

Beef Cattle

Receiving: 8 ounces per head per day for 14 days.

Calves

Introduction to Dry Feed: Top dress 2 to 4 ounces per head per day as needed.

Weaning: 2 to 4 ounces per head per day, 3 days pre-wean and 14 Days post-wean as needed.

Moving Calves: 2 ounces per head per day 3 days prior to moving and 14 days after moving.

Reduced Feed Intake: 2 to 6 ounces per head per day as needed.

Swine

Increased Nutritional Needs: 25 - 50 pounds per ton as needed.

Horses

Transitioning: 4 to 8 ounces per head per day as needed.

Other Livestock

Increased Nutritional Needs: 1 to 2 ounces per 100 pounds of body weight as needed.
